33. The message processing system of Claim 32, wherein the criteria includes the sender of a message being on an approved list for the recipient stored on the system.

34. The message processing system of Claim 33, wherein the display page includes a link to at least one display page for displaying and changing the criteria.

35. The message processing system of Claim 33, wherein the display page includes a link for changing the criteria.

36. A computer readable storage medium having code for executing a method of handling messages, the method comprising:

        determining if a message is approved for a recipient of the message;

        processing the message for subsequent viewing by the recipient if the message is approved; and

        notifying the recipient and storing the message if the message is unapproved.

REMARKS

The foregoing amendments are to more closely conform the application to U.S. practice. No new matter is added. Entry of the amendment is respectfully requested.

Respectfully submitted,
